Dear Adrian,

Re: Testimonial letter for Galilee Coaching and Mentoring

During the last six months Premier has had a requirement to purchase Business and Personal Development Coaching services. Following a purchasing review Premier decided to engage the services of Galilee Coaching and Mentoring. We took the decision to use Galilee because Adrian amply demonstrated that he was able to satisfy our requirements entirely.

The work performed by Adrian was to a very high standard, and completed within the agreed timescales and costs. We are entirely satisfied that Adrian has a high level of competency in providing tailored coaching and mentoring services. Premier fully intends to use Adrian as our principal coaching and mentoring provider in future and has no hesitation in recommending them to you or any other organisation considering purchasing coaching or mentoring services.

Yours Sincerely,

Andrew Hallam
